

## Not Even Alzheimer's Can Erase Unconditional Love and Devotion . . .

### *That's Why We Welcome Four-Legged Friends*

Living with a pet promotes less stress, better health and overall happiness.

At Ashley Gardens of Bremerton, we understand that leaving a beloved pet behind is NOT an option. After all, a pet is a family member who has provided plenty of support and comfort. That won't change at Ashley Gardens of Bremerton, because we gladly welcome pets.\*

At Ashley Gardens of Bremerton, our goal is to ensure memorable days for your loved one and peaceful nights for you.
